

Non-Competitive Image Critique

The objective of this event is to provide an opportunity for members to prepare and submit images for review by a panel of judges. The images will not be scored, and the makers will not be identified by name. The judges will offer their comments on the images' technical and artistic merit and their impact. They will also offer suggestions which they believe could have been used to improve the image.

1. You can participate in one or both categories (Prints and Digital).
2. Commentary Cards are not required.
3. You may enter images used in the non-competitive critique in regular competition as long as they comply with the club's nature rules for competition.
4. Print entries should be mounted on 11x14" black boards, similar to those available through our club.
5. You will need to identify your print entries with a sticker (on the back of the board) showing the name of the work and the maker's name. Stickers will be available on the night of the event.
6. Print entries will generally benefit from a narrow white border (approx 1/8" wide).
7. Digital entries should be prepared using the Club's normal procedure which is available on our website
http://www.mlnpc.com/Mayslake/Club_Information.html
8. Digital entries should be sent by email to competition@mlnpc.com no later than Sunday one week prior to the event.
